

THE PLANE TRUTH

THE OFFICIAL NEWSLETTER OF

PRESIDENT'S MESSAGE — FEBRUARY 2022

It's time to renew your memberships for 2022! Where else can you get a full year of enjoyment and good times for only \$75!!! Even if you are a member that hasn't been using the field as much lately due to your schedule or covid or your taking break from the hobby or whatever, please still consider keeping your membership current since our club relies exclusively on member dues to maintain the field. Since we were robbed in January, we need members to keep their dues current more than ever. Renew today & we'll see you at the field when you return!

The best place to renew your CCF membership is on our website: www.circlecityflyers.com
Renew your AMA here: www.modelaircraft.org/membership/enroll
Renew your FAA here: <https://faadronezone.faa.gov/>

We are still working on repairing the field gate. The temporary chain is working even though it is more difficult to latch and unlatch. The Deleo Field sign by the entry gate will also be replaced soon since the current sign has faded completely due to its age. We have been investing in more locks & storage container security since the shed was broken into. We need to better secure the shed before we even consider replacing any of our lost items to which there is a list elsewhere in this issue.

Mark your calendars! CCF is hosting another Scale Fly-In Event in 2022!!! The Scale Fly-In will be held on Saturday, August 13, 2022. Expect scale prizes for many categories and a great raffle like always. More details to follow. A second event, a Fly-In & Open House will also be announced shortly that will be held sometime in the month of June.

CCF BOARD MEETINGS ARE HELD AT DELEO FIELD on the 3rd Saturday of the month at 11am. The next meeting is on Saturday, March 19th. Stay well and see you at the field!

On final approach,
- Rick

Circle City Flyers is a group of people who love RC flying.

Normal folks, who find the utmost joy in creating and flying wonderful machines that inspire awe and put just a bit of color in the sky.

CCF is a non-profit, AMA affiliated flying club.

The CCF has one of the best flying facilities in Southern California. We are located just south of Corona, California, just a few minutes from the 15 Freeway.

The club is well established and member's interests range from helicopters to 3D Planes. We fly gas, turbines, electric, glow, scale, profiles and combat wings. We have RC pilots who have flown for 40+ years, and beginners who are just learning the joys of flight. Got a question? Just learning? Curious? Come on down!

You can find folks flying most days, with the weekend mornings being very popular. Mornings are calm with winds generally increasing throughout the day.

Come to our field, and check us out! Visit our website at:
