

THE PLANE TRUTH

THE OFFICIAL NEWSLETTER OF THE CIRCLE CITY FLYERS

PRESIDENT'S MESSAGE — March 2019

Mark your calendars!!! On Saturday June 29, 2019, CCF is putting on another Fly-In & Open House event. Last year's event was a HUGE success so we are doing it again this year. This will be the 2nd Annual Fly-In event so please support your club and join us on the 29th. There will food, music, a raffle and 2 optional fun events: a Climb 'n Glide contest and a Triple Loops 'n Rolls contest. Tell all your friends and get the word out. It's going to be a day of fun, flying & comradery! All aircraft are welcome. See the flyer at the bottom of this newsletter.

In addition, we are also doing another scale event in August. The Scale event this year will be held on Saturday August 17, 2019. See the event flyer in this newsletter. This event was also a huge success last year and we raised a good amount of money for the slurry fund. Like last year, there will be a huge raffle with awesome prizes and also like last year, all the proceeds will go straight into the slurry fund. This scale event will include judging for BEST MILITARY, BEST CIVILIAN, BEST SCALE FOAMY & BEST OF SHOW. There will be three honorable mention medals as well. The winners last year received a memorable Circle City Flyers plaque that looked fantastic. Everyone is welcome and spectators are free. Spread the word!

It's time to make your 2019 \$50 slurry donations. Even if you cannot give \$50 all at one time, you are still doing your part. If \$10 per month for five months fits your budget better, we will gladly accept that too!

As a reminder - Starting 1/1/19, ALL pilots will need to have a type A/ B/C fire extinguisher placed in their pilot stall for easy access if needed. It needs to be out & visible, not in your vehicle. Thanks!

Finally, the club meetings are still the 3rd Thursday of the month & are now at Marie Callender's in Corona on Rincon Street at 7pm. Don't forget to visit our website and check us out on Facebook as members are always posting exciting content from Deleo Field.

On final approach - Rick

OLD BUSINESS

- Rodents in the Storage Container. Mice in the storage container were discussed and a suggestion was made that a work party be formed to remove everything from the container and then plug all holes in the container.

HELPFUL FIELD AND CLUB HINTS WHILE AT THE FIELD

Some helpful hints to live and fly by when at the field.

- **Obey all AMA and Club Safety Rules.** Accidents happen but we don't have to give them more of an opportunity then needed.
- **In case of fire at the field, call 911 immediately.** If fire crews appear, either by truck and/or by air, immediately cease flying and ground your aircraft. All emergency responders, fire and law enforcement, are given priority to combat any and all threats that endanger life, property and the safety of individuals. Please do your best to assist and not be part of the problem. **As of January 1, 2019 all members are required to have an ABC Fire Extinguisher at the field when they fly.** Fly safe and be safe. Bring a First Aid Kit as added protection.
- **Our field is in an area populated by wildlife including snakes.** Please be aware of this danger and act accordingly when walking in the brush.
- **Please pickup your trash before leaving** the field and dispose of it in trash containers or if needed take it home with you.
- **Fly with a buddy!** Sometimes having an extra set of hands and eyes are helpful!
