Hello again! I hope everyone is doing great! I'm looking forward to summer! **The April 20th CCF Board meeting at Deleo Field has been canceled;** however, you are invited to join us at the events below:

April 6th - Saturday - CCF member Jared Cutler's birthday Float Fly at his Canyon Lake Estate is this weekend. To celebrate his 47th birthday, he is inviting CCF members and their friends to his lake side home to fly float planes, drive speed boats or whatever other RC water craft you have. He has a large deck and dock right on the water that you fly from so it doesn't get much better. Attendance at this celebration requires an RSVP since Canyon Lake is a gated community. Call or text Jared at (626) 353-0340 to RSVP.

April 20th - Saturday - Twice a year, our neighboring club, Inland Empire RC Club, www.iercc.net, hosts a float fly at Lake Perris. For me, this is a can't miss event every spring and every fall. Their spring float fly at Sail Cove near the dam is on Saturday April 20th. This is a low key super fun event that yours truly and a few other board members are attending so there'll be familiar faces if you're interested in participating. You park right on beach and fly, it's awesome. No RSVP required, just show up. Lake Perris at Sail Cove Beach. They even bring a recovery boat, bring your own lunch, \$20 pilot fee, \$10 park fee. Lots of great flying and fun!

May 4th (May the fourth be with you!) - Saturday - The official CCF RC Plane Swap Meet. It will be a can't miss event for those that want to sell RC items and for those looking for great deals! The field will be open to flying that Saturday as well. To participate and reserve a space to sell your items, please contact our esteemed CCF Member-at-Large, Hermes Ampudia at ampubiahouse@gmail.com to reserve your spot! CCF members can reserve a space for FREE and for non-members it's only \$5. You can't lose! Join us! See all event notices on our FB group & Newsletter pg. 3.

Reminder - Circle City Flyers at Deleo Field has a NEW CLUB RULE
NO FLYING BEFORE 8:30am and NO FLYING AFTER DARK.

CCF BOARD MEETINGS ARE HELD AT DELEO FIELD on the 3rd Saturday of the month at 11am. The next meeting will be Saturday, May 18th 2024. Stay well and see you at the field!

"On final approach, - Rick"

HELPFUL FIELD AND CLUB HINTS WHILE AT THE FIELD

At CCF safety is our #1 priority, followed closely by having fun...
...and we all know it's no fun when someone gets hurt.

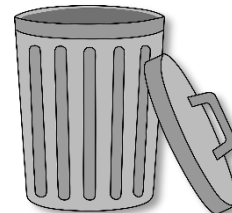

- Obey all AMA and Club Guidelines.
- Be mindful of your fellow members.
- Call out your intentions when flying with others.
- If someone is unintentionally endangering themselves, mentor.
- If you need flight with no air traffic, just ask for it.
- If you need help with anything, just ask.

**CCF is focused on low stress fun and friendly mentorship,
Take advantage!**

Our field is in an area populated by wildlife including snakes. Please be aware of this danger and act accordingly when walking in the brush.

Please pickup your trash before leaving the field and dispose of it in trash containers or if needed take it home with you

Fly with a buddy!
Having an extra set of hands and eyes can always be helpful.
Plus, someone will be there to confirm that awesome trick you just did, really happened..

Circle City Flyers is a group of people who love RC flying. Normal folks, who find the utmost joy in creating and flying wonderful machines that inspire, awe and put just a bit of color in the sky.

CCF is a non-profit, AMA affiliated flying club and we have one of the best flying facilities in Southern California. We are located just south of Corona, California, just a few minutes from the 15 Freeway.

The club is well established (AMA Charter est. 1990) and member's interests encompass the entirety of aviation. We fly gas, electric, glow, & electrics; Scale, 3D, and FPV; Profiles, combat wings, multi-rotors, helicopters and even a couple turbines.

We have RC pilots who have flown for 40+ years, and beginners who are just learning the joys of flight.

Got a question? Just learning? Curious? Come on down!

You can find folks flying most days, with the weekend mornings being the most popular. Mornings are calm with winds generally increasing throughout the day.
