Hey everyone,

What a great year it's been! CCF is now a FRIA approved club, we had an awesome Jet Rally, we had lots of new members join and I lost count of all the exciting maidens I watched. As we look back on 2023, we can all be proud to call Deleo Field our home. We have a great club with great members and all of us have to work to keep it that way in 2024. It's time to renew, please don't wait to renew your membership. We get busy around the holidays and I'm sure everyone wants the new 2024 gate code. Don't forget that the end-of-year holiday party is on Saturday December 9th at noon, lots of pizza and another insane raffle are planned. Also, remember that we are all meeting at Deleo Field on Saturday December 16th to wish our dear friend and club secretaty Ethan a HAPPY 90th BIRTHDAY!!! Ethan's Son & DIL are hosting the party at the field. Don't miss that fun event either. The CCF Board and I look forward to next year and we wish you and your families a safe and wonderful holiday season.

Reminder - Circle City Flyers at Deleo Field has a NEW CLUB RULE

NO FLYING BEFORE 8:30am and NO FLYING AFTER DARK.

This request of our membership has come straight from the Deleo Family as they received an environmental complaint concerning early morning flying that was disturbing a local endangered bird (an Owl) and its nesting habits. I know it's a bummer for all you early risers; however, you can still get there early, just don't start flying until 8:30 (not 8:29). Your CCF BoD appreciates your understanding and compliance.

Please also mark your calendars:

The Annual CCF Christmas Party will be Noon on Saturday December 9th
Pizza & Raffle!!!

CCF BOARD MEETINGS ARE HELD AT DELEO FIELD on the 3rd Saturday of the month at 11am. The December meeting has been canceled because we are going to have a party instead. The next meeting is on Saturday, January 20th 2024. Stay well and see you at the field!

"On final approach, - Rick"

Circle City Flyers is a group of people who love RC flying. Normal folks, who find the utmost joy in creating and flying wonderful machines that inspire, awe and put just a bit of color in the sky.

CCF is a non-profit, AMA affiliated flying club and we have one of the best flying facilities in Southern California. We are located just south of Corona, California, just a few minutes from the 15 Freeway.

The club is well established (AMA Charter est. 1990) and member's interests encompass the entirety of aviation. We fly gas, electric, glow, & electrics; Scale, 3D, and FPV; Profiles, combat wings, multi-rotors, helicopters and even a couple turbines.

We have RC pilots who have flown for 40+ years, and beginners who are just learning the joys of flight.

Got a question? Just learning? Curious? Come on down!

You can find folks flying most days, with the weekend mornings being the most popular. Mornings are calm with winds generally increasing throughout the day.
